

DISCOVER
**THE VINEYARDS
OF WEST
POMERANIA**

There are more and more of us in West Pomerania!

” Polish winemaking is experiencing a true renaissance, and you can see it with the naked eye in West Pomerania. As an association, we support the development of enotourism and local producers, as well as want wine to be the flagship product of West Pomerania.

See you on the wine trail. Drink West Pomeranian wine!

Damian Orlik

Chairman of the West Pomerania
Vineyard Association, sommelier,
wine blogger "WspółWinny"

” Wine is a drink full of secrets related to color, aroma, and taste. Wines from our region guarantee interesting tasting experiences, and each place where they are produced is an extraordinary tourist attraction for (not only) lovers of the drink of Bacchus.

We invite you to our vineyards to experience unforgettable moments!

Marta Sidorkiewicz

Secretary and Marketing Coordinator
at the West Pomerania Vineyard
Association, sommelier

WINNICE POMORZA ZACHODNIEGO

WINNICE
POMORZA
ZACHODNIEGO

The West Pomerania Vineyard Association

The West Pomerania Vineyard Association was founded on the initiative of the wine blogger Damian Orlik. In 2019, he convinced wine producers from the region to create together an organization in order to undertake joint initiatives to promote the broadly understood wine business.

The main goal of the association is to increase the enotourism potential in West Pomerania, support local producers and promote regional wines. The association also focuses on the popularization of viticulture, the dissemination of expertise, the promotion of high-quality wine production, environmentally friendly

Today, the association consists of vineyards, sommeliers, wine advisors and educators, representatives of the scientific community dealing with oenology and enotourism, and promoters of conscious wine sampling.

1st and 2nd West Pomeranian Wine Festival

In November 2021 and May 2022, two editions of the West Pomeranian Wine Festival were held in the large courtyard of the Pomeranian Dukes' Castle in Szczecin, which was visited by over 5,000 people each time. The participants of the event could get to know regional vineyards from West Pomerania, taste their wine and take part in wine lectures.

of high-quality wine production, environmentally friendly methods of viticulture and ecological wine production, promotion of national wines and wine culture in a broad sense, especially Polish wine traditions and the promotion of wine-making in West Pomerania.

HOW TO CONSCIOUSLY TASTE WINE

3 STEPS FOR
BEGINNERS

1. Take a closer look

At the very beginning, it is worth thinking about what you see. After pouring wine into a glass, carefully examine it. What is worth paying attention to and what is important? It is worth taking a note of four basic elements: color, its intensity, clarity, and density, i.e. the structure of the wine. Red wines should be light red to dark ruby, white wines - light golden to amber.

2. Smell

The next stage of the sampling is to think about the aroma of the wine and what you can really get out of it. Spin the glass to aerate the wine. Put your nose in the glass and draw in some air. Try to catch the fragrance notes. Older wines should be subtler, young ones - more intense.

3. Have a taste

The final stage of conscious tasting is wine sampling. At this stage, you will be able to see if the aromas recognized while smelling are also reflected in the taste. Take a small sip, spread the wine all over the inside of your mouth, and hold it on for a few seconds. This way, the wine should reach all taste buds. Extract the flavors and enjoy the wine.

SEE OUR

VINEYARDS

Visit them all!

VINEYARDS OF WEST POMERANIA

Over the past few years, wine growing in the region has been developing dynamically. Every year, new vineyards are created.

Some of them are large and medium-sized, selling their products on a relatively large scale. There are also quite small vineyards where you can only get to know the taste of the drink produced at the location. Moreover, there are vineyards where only the first grapevines have been planted, so you will have to wait for the fruits of their labor and the first wines.

In the vineyards of West Pomerania, mainly the PIWI (Pilzwiderstandsfähig) varieties, which are resistant to

low temperatures and various diseases, are grown. Such varieties include, among others, Solaris popular in Poland, as well as Hiberna, Johanniter, Regent, Rondo, Seyval Blanc, and Cabernet Cortis. These varieties produce wines full of color, flavor, and aroma – white wines, red, pink and even amber, sweet and dry, still and sparkling.

Thanks to the unique microclimate, West Pomerania is also a place with a great enotourism potential, the exploration of which can become an unforgettable

adventure, combining visiting vineyards with experiencing the beauty of their surroundings.

The vineyard offer usually includes sightseeing and sampling (by prior arrangement), as well as the organization of events. Vineyard owners are happy to share knowledge about their wine growing and production. Moreover, in some of the vineyards or in their vicinity, it is possible to stay overnight.

PAŁAC RAJKOWO VINEYARD

Information

Address: Smoleńcin 18, Smoleńcin

Phone: +48 609 035 040

E-mail: winnica@palacrajkowo.pl

Date of starting: 2016

Acreage: 4,2 ha

Varieties: Solaris, Hibernal, Johanniter, Muscaric, Sauvignier Gris.

Services: sightseeing, accommodation, shopping, sampling, meals.

Pałac Rajkowo Vineyard in the village of Smoleńcin is one of the closest vineyards to Szczecin.

The vineyard is run by Małgorzata and Arkadiusz Śnieżków, and taken care of by Ireneusz Ochmian. The grapevines in the vineyard were planted in 2016 in the Lower Oder Valley. Such location enjoys very mild winters. The south-west slope of the terminal moraine provides plenty of sunshine. As a result, the vineyard has a favorable microclimate for the vine growth. Moreover, the soil influences the minerality of the

produced wines, which turns into their unique taste.

Since 2019, Pałac Rajkowo Vineyard has been covered by the ecological protection program, which means that the grapevines are grown without crop protection chemicals and artificial fertilizers. Wines made from such fruit are healthier, have a richer flavor and aroma.

JASSA VINEYARD

Jassa Vineyard is located in Kołowo, in the Bukowa Primeval Forest, towering over the Szczecin agglomeration.

The habitat faces south-west exposure and over 25 meters elevation. Being located in the highest part of the region means that the vegetation of the flora begins two weeks later compared to the lower area. Thanks to this, the vineyard is protected against spring frosts. These are ideal conditions for viticulture.

The varieties have been selected to produce still and sparkling

wines.

The owner of the vineyard is Piotr Jassa, who graduated from Wine Technology at the University of Wrocław.

The vineyard was created out of love for wine, passion for nature and the desire to create a unique place and perfect wine.

Information

Address: Widokowa 10, Kołowo

Phone: +48 505 040 569

E-mail: piotr.jassa@jassagreen.pl

Date of starting: 2021

Acreeage: 2 ha

Varieties: Pinot Noir, Sauvignon Blanc, Chardonnay, Souvignier Gris.

Services: sightseeing.

TURNAU VINEYARD

Information

Address: Baniewice 115, Banie

Phone: +48 91 307 91 31

E-mail: kontakt@winnicaturneau.pl

Date of starting: 2010

Acreage: 34 ha

Varieties: Solaris, Riesling, Pinot Noir, Chardonnay, Seyval Blanc, Johanner, Hibernal, Rondo, Regent, Cabernet.

Services: sightseeing, accommodation, shopping, sampling.

The Turnau Vineyard is the largest vineyard in Poland. It is located in the village of Baniewice, 50 km south of Szczecin.

Over a dozen varieties of grapevines, which produce premium wines known and appreciated throughout the country (including ice and sparkling wines), are cultivated on an area of 34 ha. The restored building from 1881 houses a modernly equipped winery, as well as a tasting room, where concerts, conferences and business meetings can also be held.

The vineyard has a family

character. Zbigniew Turnau co-owns it with his cousin Grzegorz - a respected artist from Kraków, and son Jacek. Frank Faust, a recognized winemaker from the Rhineland, cooperates with the vineyard. In 2017, Zbigniew's cousin, Stanisław Turnau, also joined the family venture.

BINOWO VINEYARD

The Binowo Vineyard is located about 30 minutes by car from Szczecin, in the picturesque buffer zone of the Bukowa Forest.

The Bukowa Forest creates a unique microclimate for the cultivation of vines. The ubiquitous peace and quiet in the forest enable the makers of Binowski wine to put their whole heart into the cultivation of grapevines, something that can be felt in the beverage produced.

The vineyard was founded by Mirosław Grabowski in 2011. Wine production and viticulture is a family passion and tradition

that began with the owner's grandmother - Agnieszka. She produced wines according to her own recipe, which she used before the war, and she instilled her passion in her grandson. It was thanks to her that the Binowo Vineyard, which aims to produce traditional wine, was established. Perhaps that is why the wines offered by the vineyard have a distinct homely character

Information

Address: Binowo 31a, Stare Czarnowo

Phone: +48 691 367 422

E-mail: szkolka@binowo.pl

Date of starting: 2011

Acreeage: 1,3 ha

Varietes: Solaris, Hibernial, Rondo, Riesling, Sauvignon Gris, Leon Millot, Chardonnay, Maréchal Foch, Cabernet Cortis, Muscaris.

Services: sightseeing, sampling, shopping.

KOJDER VINEYARDS

Information

Address: Babinek 29, Bielice

E-mail: info@winnicekojder.pl

Date of starting: 2015

Acreage: 8 ha

Varieties: Solaris, Sauvignier Gris, Muscaris, Johanniter, Cabernet Blanc, Cabernet Cortis, Rondo, Pinot Noir.

Services: sightseeing, sampling, shopping.

The Kojder Vineyards are located in Babinek in the Bielice commune, not far from Szczecin.

The fact that the vineyards lie in the buffer zone of the Szczecin Landscape Park "Puszcza Bukowa" gives this place a unique and exceptional microclimate.

The Kojder family focused on an ecological cultivation system to ensure the best conditions for the development of the vines. The Kojder Vineyards are the only ones in Poland that belong to the ECOVIN organization, which is a German federal association

certifying only organic vineyards. Therefore, they must meet strict cultivation and production requirements.

The Kojder Vineyards are a family business, run by siblings - Anna and Artur. However, grandparents and parents help wine-makers on a daily basis. The initiator of establishing the vineyard was the father of the siblings - Marek.

BEKASIAK VINEYARD

The Bekasiak Vineyard is located in Pyrzyce, about 50 km from Szczecin.

The Bekasiak family farm has been a producer for many years. In 2010, a decision was made to establish a vineyard. Currently, the vineyard covers an area of 2 ha and is systematically being enlarged. The production of wines has become the owners' passion, which gives a lot of joy and strength to constantly learn about the production of this magical drink. Their wines are appreciated at national competitions.

This drives the owners to constantly improve production technology to make wines even better and tastier.

The vineyard has great potential for the development of enotourism. The owners' plans include the construction of a processing plant, accommodation base and campsite facilities, so that visitors can relax in peace in the bosom of nature.

Information

Address: ul. Lipiańska, Pyrzyce

Phone: +48 508 336 565

E-mail: winnicabekasiak@gmail.com

Date of starting: 2010

Acreege: 2 ha

Varietes: Solaris, Seyval Blanc, Rondo, Gewurztraminer, Chardonnay, Pinot Blanc i Noir, Regent, Cabernet, Johaniter.

Services: sightseeing, shopping, sampling.

EMIL'S VINEYARD

Information

Address: Żuków 32, Dolice

Phone: +48 506 570 800

E-mail: emilszelag@wp.pl

Date of starting: 2009

Acreage: 0,25 ha

Varieties: Solaris, Rondo.

Services: sightseeing, sampling.

The Emil's Vineyard is located in the village of Żuków, Pырzyce district, in the Przelewice commune.

The name of the vineyard comes from the name of its owner - Emil Szelaę, who is supported by his wife Sylwia in the cultivation of vines and the production of wine.

The vineyard was founded and is run with passion for wine and viticulture. The beginnings of the vineyard date back to 2008, in the northern part of Szczecin in the Skolwin district, in the allotment gardens. In 2019, the seat of the

vineyard and its second part were moved to Żukowo.

Growing vines in the vineyard takes place with respect for the natural environment, without the use of the so-called heavy chemicals.

The winemaker has been acquiring knowledge about viticulture and wine production on his own for several years. According to its creator, the vineyard is an oasis of relaxation away from the crowds, noise, and rush.

SYDONIA VINEYARD

The vineyard is located on the border of the Szczecin Lowlands and the Pomeranian Lake District in the village of Trzebiatów.

The Sydonia Vineyard is a family business. Its creators are Dagmara and Sebastian Pilczuk, who graduated from the Agricultural University of Szczecin. The owner of the vineyard is also a graduate of Wine Technology at the University of Wrocław.

The name of the vineyard is related to the mysterious and tragic story of a woman named Sydonia who lived in the vicinity of the vineyard. The noblewoman,

Sydonia von Borcke, resided in the monastery there. She was accused of witchcraft and casting hexes and, as a result of an unfair trial, sentenced to beheaded and burned at the stake.

The unique location in the area of glacial embankments, near the Krąpiel river valley, gives the wines from Trzebiatów an exceptionally regional character.

Information

Address: Trzebiatów 2, near Stargard

Phone: +48 609 206 300

E-mail: winnica@winnica-sydonia.pl

Date of starting: 2013

Acreeage: 2 ha

Varieties: Solaris, Muscaris, Seyval Blanc, Johanniter, Sauvignier Gris, Rondo, Regent, Cabernet Cortis, Pinot Noir.

Services: sightseeing, accommodation, shopping, sampling, meals.

ZIEMOMYŚL VINEYARD

Information

Address: Ziemomyśl B 7, Dolice

Phone: +48 513 405 267

E-mail: aleksandra.bigos@gmail.com

Date of starting: 2021

Acreage: 0,3 ha

Varieties: Riesling, Chardonnay, Regent, Cabernet Cortis, Solaris, Sauvignier Gris, Seyval Blanc, Pinot Noir.

Services: sightseeing.

This is a young vineyard, located on a farm, which is currently monitoring the cultivation of many grape varieties, so that in the

The vineyard area borders a forest and a couple of lakes, the most important of which is Gardzko Lake. Thanks to the compact layout of the farm and a beautiful location in an area abundant with numerous hills and picturesque wastelands, the vineyard has a great potential for development.

The vineyard is a family business. Wojciech Bigos is managing it together with his wife Izabela

and daughters Ola and Madzia. The owners learn about viticulture and wine from books and professional advice from other winemakers. Certainly not without significance is their many years of experience resulting from running an agricultural business.

ZODIAK VINEYARD

The Zodiak Vineyard is located in Zagozda, near Drawsko Pomorskie, with a historic Dutch windmill on its territory.

The Zodiak Vineyard is a family enterprise headed by Mirosław Krasnowski. He is supported by his wife Ingrid, daughter Ania and son Wojtek.

The vineyard is run and produces wines in a low-intervention, i.e. sustainable manner, respecting the local flora and fauna. The vineyard specializes in the production of sparkling wines using both the traditional (champagne) and Merret methods,

resulting in Pet Nat wines. Pet Nats are vegan wines with yeast sediment, for the creation of which no animal products and no preservatives have been used. In addition to sparkling wines, the vineyard produces the so-called still wines, aged in large oak barrels. Zodiak wines have won many awards in competitions in Poland and abroad.

Z O D I A K

Information

Address: Zagozd 29a, Drawsko Pomorskie

Phone: +48 668 695 467

E-mail: mirek@post.pl

Date of starting: 2012

Acreage: 1 ha

Varieties: Solaris, Seyval Blanc, Hiberna, Chardonnay, Leon Milot, Allegro, Regent, Pinot Noir.

Services: sightseeing, sampling.

INVICTUS VINEYARD

Information

Address: Dębołęka 25, near Wałcz

Phone: +48 505 022 225, +48 604 196 555

E-mail: winnicainvictus@wp.pl

Date of starting: 2020

Acreage: 1,6 ha

Varieties: Solaris, Johanniter, Regent, Dornfelder.

Services: sightseeing, shopping, sampling, meals.

The Invictus Vineyard is a new place on the regional map of viticulture in the charming village of Dębołęka near Wałcz.

At present, 5500 shrubs are growing in the vineyard. Ultimately, its area will be approximately 3.5 hectares with 10,000 bushes of various varieties.

The idea to start a vineyard appeared in the fall of 2019 during a short meeting of two friends from Wałcz. The plans of the vineyard owners – Tomasz Sobecki and Sebastian Trojanowski – include the production of white, red, rose, and special wines.

Future products are to mature in oak barrels, in order to take on velvetiness, taste and aroma. The vineyard's creators hope that the wine they produce will be unique, conveying the taste and aroma of the unique advantages of the Wałcz Lakeland, i.e. forest, water, and clean air.

WINE & TENNIS VINEYARD

Wine meets sport in the Wine & Tennis Vineyard in Central Pomerania.

The vineyard is situated in two locations. The first one is located in Koszalin, in the immediate vicinity of Góra Chełmska, and the second one is in Rościno near Białogard.

The vineyard was created out of a passion for grapevines, Polish wine and as a complement to the life interests of its owners - Tomasz Sobczyk and his wife Emilia (tennis, breeding Jack Russell Terrier dogs).

Their adventure with winemaking began with fruit wines grown in their home garden.

The vineyard is run in a completely ecological manner. In the future, there are plans to increase the cultivation area in Rościno, as well as to move the vineyard itself.

As the name of the vineyard suggests, you can learn and play tennis there, and even take part in tournaments.

Information

Address: Rościno near Białogard and Koszalin (Lubiatowo)

Phone: +48 507 959 554

E-mail: wineandtennis.koszalin@gmail.com

Date of starting: 2020

Acreage: 0,5 ha

Varieties: Solaris, Sauvignier Gris, Rondo, Muscaris, Seyval Blanc, Johanitter, Regent.

Services: shopping, sampling, accommodation.

TECŁAWSKA GÓRA VINEYARD

Information

Address: ul. Słoneczna 9, Okonek

Phone: +48 607 508 902

E-mail: kontakt@winnicateclawskagora.pl

Date of starting: 2012

Acreage: 1 ha

Varieties: Leon Millot, Solaris, Seyval Blanc, Rondo, Regent, Johanitter, Muscaris, Hiberna, Riesling.

Services: sightseeing, shopping, sampling.

The Teclawska Góra Vineyard is located in Okonek in the Szczecin Lakeland, on the border of three voivodeships.

The creator of the Teclawska Góra Vineyard is Tomasz Głowacki. He is supported in running the company by his brothers – Bartek and Jacek.

From the very beginning, the vineyard's main goal was to produce high-quality wines that emphasize the regional character and uncompromising style. When setting up such a goal, it was necessary to remember to meet the expectations of customers with

various requirements and to match the appropriate wine palette.

The optimal conditions for viticulture, i.e. the southern slope, unique climate, and clay-sandy soil, proved to be helpful. Care with respect for nature, manual harvesting and careful selection of grapes also significantly affect the quality of the wines produced.

The local legend about the knight Teclaw is reflected in the name and the logo of the vineyard.

AMBER VINEYARD

The Amber Vineyard is located in Malechowo near Koszalin, near the Natura 2000 area and the Grabowa River valley.

The owners of the vineyard are Dagmara and Andrzej Jarosiński, for whom wine-growing is a common passion that they want to spread to others. They started their adventure with winemaking by planting the first bush while building their own house. Later, analyzing the old maps, they came to the conclusion that the land they owned had amazing wine-making potential and decided to significantly expand

the size of the vine growing.

It was not easy and effortless, but finally their idea worked – the vineyard and the nursery have been registered. As the owners say, everything they do gives them boundless joy. Meanwhile, the vineyard owners learn about viticulture and winemaking by taking part in numerous wine training courses.

Information

Address: Malechowo 27 C, Malechowo

Phone: +48 724 601 555

E-mail: andrzej.dagmara@gmail.com

Date of starting: 2019

Acreage: 0,5 ha

Varieties: Seyval Blanc, Leon Millot, Frontenac, Solaris, Rondo.

Services: sightseeing, accommodation, shopping, sampling.

GWDA MAŁA VINEYARD

Information

Address: Gwda Mała, Szczecinek

Phone: +48 667 950 076

E-mail: jarek_markanicz@o2.pl

Date of starting: 2017

Acreage: 0,35 ha

Varieties: Regent, Solaris.

Services: sightseeing, sampling.

The Gwda Mała Vineyard is one of the smaller wine production sites in the region, located not far from Szczecinek.

The owners of the vineyard are Anna and Jarosław Markanicz, whose passion for years has been the cultivation of grapevine, as evidenced by almost 30 years of experimenting on a smaller scale in the garden with various varieties.

The vineyard itself is part of the organic farm, where the owners' family home is located.

The grapevines from the first plantings grow in the area in the

vicinity of the Dołga River and a pine forest. A bit further, you will find the lakes: Dołgie and Wielimie, which are under protection and co-create the landscape protection area "Jeziora Szczecineckie". Today, the vineyard cultivates proven hybrid varieties that tolerate weather changes and frosts well. There are plans to enlarge the vineyard in the future.

DARŁOWO VINEYARD

The Darłowo Vineyard is located close to the sea. It is located in Darłowo, surrounded by forests and fields.

Several years have passed since the establishment of the vineyard. Initially, it covered a small area - 0.25 ha - and now it is already 2 ha, where grapevines are grown from such varieties as Solaris, Muscaris - white wines, and Cabernet Cortis - red and rosé. In total, there are about 7,000 seedlings. There is a professional winery on site where wine is produced and bottled, including dry wines

wines, some with a hint of citrus. They are perfect for both refreshing a summer afternoon and restoring holiday memories on a winter evening.

The owners - Mariusz and Barbara Szubert - put a lot of effort and even more heart into their work.

You can come to the vineyard not only for sightseeing and wine sampling, but also for relaxation in the Leśny Dworek Winnica holiday center.

Information

Address: ul. Dębowa 7, Darłowo

Phone: +48 606 383 271

E-mail: kontakt@lesnydworekdarlowo.pl

Date of starting: 2008

Acreage: 2 ha

Varieties: Solaris, Muscaris, Cabernet Cortis.

Services: sightseeing, accommodation, shopping, sampling, meals.

MOLIAS VINEYARD

Information

Address: Reczyce 21B, Boleszkowice

Phone: +48 692 344 460

E-mail: michal.slugocki@yahoo.pl

Date of starting: 2017

Acreage: 0,25 ha

Varieties: Rondo, Cabernet Cortis, Solaris.

Services: sightseeing, shopping.

The Vineyard is located in the village of Reczyce near Kostrzyn, on the border of the West Pomeranian and Lubuskie voivodeships.

Molias is a family project that started in 2017. The owners of the vineyard are Ola and Michał Sługocki, who began their adventure with winemaking by planting a grapevine plantation on the south-west slope of the backyard garden.

Taking advantage of the natural values and the unique microclimate of the place, Ola and Michał put a lot of heart and effort to create unique drinks.

In the future, systematic expansion of the grapevine cultivation and the expansion of the vineyard are planned.

The plantation and wine production are carried out with full respect for nature, as is the case with the "Miodujemy" apiary run by the owners.

Cooperation with bees results in ecological honey and mead that is based on it.

DE LEWIN VINEYARD

The de Lewin Vineyard is located in Łobez and in the village of Trzebawie, in the buffer zone of the Iński Landscape Park.

The de Lewin vineyard is a family endeavor. The name of the vineyard comes from the name of its owner - Ryszard De Lewin-Lewiński, who is supported by his wife Halina.

The decision to plant vines and, in the future, start wine production was a deliberate process. At the beginning, an idea for the backyard garden appeared, which with time turned into a passion. As the owners of

the vineyard appreciate professionalism, they decided to prepare their idea for the implementation and began postgraduate studies at the University of Zielona Góra in the field of Oenology.

A visit to the vineyard is also an opportunity to see nearby tourist attractions, and as there are two locations of the vineyard, the range of offers is wide.

Informacje

Address: Trzebawie 25B, Trzebawie

Phone: +48 602 274 791

E-mail: delewin@wp.pl

Date of starting: 2021

Acreage: 4,14 ha

Varieties: Solaris, Sauvignier Gris, Muscaris, Cabernet Cortis, Regent, Pinot Noir, Chardonnay.

Services: sightseeing.

BURSZTYNOWA VINEYARD

Informacje

Address: Gorzyca, near Malechowo

Phone: +48 506 178 031

E-mail: winnicabursztynowa@wp.pl

Date of starting: 2020

Acreage: 1 ha

Varieties: Pinot Noir, Solaris, Seyval Blanc, Siegerrebe, Leon Millot, Muscaris.

Services: sightseeing, accommodation, shopping.

The Bursztynowa Vineyard is located in the small village of Gorzyca in the Malechowo commune, only 15 km from the Baltic coast.

The vineyard is located in the coastal belt, in the area of the former court gardens. In its vicinity, amber was mined in ancient times - hence the name of the entire project.

Three friends came up with the idea of creating a vineyard: Piotr, Jarek and Kuba, who were connected by joint trips to European wine regions. Visiting Alsace, Tuscany or the Moselle Valley affirmed them that it is

worth betting on the dynamically developing enotourism. In order to gain knowledge, the owners completed agricultural studies at the Warsaw University of Life Sciences.

An enotourism center with a vineyard, apartments, a tasting room and a bread oven is being constructed in the vineyard. The vineyard offers accommodation in the village of Poddąbie (Villa Bursztyn).

MANUFATURA SKARB TEMPLARIUSZY (Producer of wine)

Manufaktura Skarb Templariuszy is a project that combines three versions of craft alcoholic beverages: wine, mead, and cider.

Wine production is currently taking place in Sobieradz, near Gryfino, while the fruit for wine ripens in the Ostoja settlement. In the future, there are plans to relocate both the wine growing and the production of alcoholic beverages to Szczecin and its surroundings.

Manufaktura Skarb Templariuszy is run by Tomasz Osak - passionate about the history of the region and the founder of the Komandoria

Association.

The name of the venture, including the name of the Templars on the label, is related to the interests of the owner and the aforementioned association, one of whose goals is historical reenactment.

The association plans to create a Historical Park near Szczecin and to start a vineyard on its premises.

Information

Address: Sobieradz 12/2, Gryfino

Phone: +48 697 253 615

E-mail: templariusze@gmail.com

Date of starting: 2016
