Objective

The objective of the game is to promote active recreation, cycle tourism and a healthy lifestyle by travelling along a section of the EuroVelo 10 international route and discovering the natural, cultural and landscape values of the area.

Start of the game

You can start in Kołobrzeg or Łeba. The starting point is up to you.

What do you need to get started?

Take your rally card and a phone with a camera with you on your journey.

How to play?

1. You can play alone, with friends or family.
2. Along the 180-kilometre route, you will find 23 tasks marked with the letters S or Z.
 - Photography tasks (S) involve finding places as described, taking a selfie showing you, your travel companions and your bicycle.
 - Special tasks (Z) involve taking a photo according to the instructions. Remember that the bicycle should also be visible in the photo. It is worth familiarising yourself with the special tasks just before setting off on the route!
3. Depending on your abilities and preferences, you can divide the route into sections or complete it in one go. To earn the maximum number of points, you must complete the entire route.
4. The travel time is entirely up to you.

Finished the game?
